#MB4US #LiberationTN

Marquita Bradshaw US Senate Candidate will kick off the #LiberationTN Tour at a pivotal point in history.

Memphis, TN- Join us EVERY Friday in July for our weekly virtual Liberation TN Town Hall series. Team Bradshaw will be streaming from various locations throughout the state. As so many take to the streets to push back against racial injustice, our campaign knows how important it is to go to ground with our fellow Tennesseans and push back against structural racism by demanding justice across America.

Our campaign continues to gain incredible momentum, and we ask for your ongoing support as Team Bradshaw turns into an unstoppable force for change! Our team will also be talking with activists and leaders from across the state to discuss the grassroots activism happening throughout our 95 counties. Marquita will drop in on peaceful demonstrations across Tennessee for the month of July. The tour will start this Friday, July 3 from Memphis to Dayton, TN with their local Black Lives Matter Chapters.

Join in and make your voice heard! It's up to us.

Marquita Bradshaw is a Democratic candidate for the United States Senate. She is a lifelong environmentalist and activist for worker, social & economic justice who has proudly fought alongside the people of Tennessee. Having lived with the results of an ineffectual healthcare & environmental system in Memphis, Marquita Bradshaw understands that we need courageous leadership in the United States Senate in order to help Tennessee families.
